SUMMARY

Content and community-focused professional with experience in social media management, content writing, and audience engagement. Comfortable working across platforms — LinkedIn, Instagram, YouTube, and Medium — to plan content, grow an audience, and communicate ideas clearly to different readers. Background in research and analytics adds a data-informed approach to content decisions.

EXPERIENCE

Data Research Analyst Mar 2026 – May 2026
Collegedunia (Remote)

- Worked with cross-functional teams to translate business questions into research, informing content and product decisions.
- Identified patterns and gaps in existing content to guide prioritisation.

Content Writer Dec 2025 (2 weeks)
InAmigos Foundation (Remote, via Internshala)

- Wrote content around social-impact and human-welfare initiatives, spreading awareness among readers while maintaining a consistent brand voice.
- Adapted messaging to different platforms and audiences as part of a short-term content sprint.

Social Media Team Lead Dec 2024 – Present
OWASP Club VIT Bhopal (Hybrid)

- Managed the club's Instagram page (200+ followers), planning and publishing content that grew engagement and event visibility.
- Set the content calendar, coordinated a small team, and aligned stakeholders around shared deadlines for cybersecurity-awareness initiatives.

CONTENT CREATION & DIGITAL PRESENCE

- Create videos on YouTube covering project walkthroughs and themed challenges (e.g. Teachers' Day challenge), taking on self-set prompts to keep pushing creative boundaries: youtube.com/@vidhi_2104-r1s
- Write and publish technology-related articles on Medium, breaking down concepts for a general audience: medium.com/@vidhiudasi2
- Active LinkedIn presence with 800+ connections, sharing content and engaging with a professional network.

SKILLS

- **Content & Communication:** Content writing, content strategy, video creation, blogging, brand voice, audience engagement.
- **Social Media & Community:** Instagram page management, content calendars, community building, LinkedIn networking.
- **Research & Analytics:** Data-driven decision making, SQL, Excel, Power BI, market/user research.
- **Collaboration:** Cross-functional teamwork, stakeholder communication, team leadership, deadline management.

EDUCATION

B.Tech in Computer Science & Engineering (AI & ML) Sep 2023 – Present
VIT Bhopal University, Bhopal, India GPA: 8.8
